On January 10, 2013 at 1300 hours I Officer Kuhn met with a concerned parent in the station lobby. This parent was identified as [REDACTED] stated that on January 9th at 1500 [REDACTED] overheard several youths talking about a "gun" while leaving the West Elementary school. [REDACTED] stated that one of the youths stated, "I will give you my bike if I can see the gun" [REDACTED] further stated that [REDACTED] observed a small black handgun sticking out of the pocket of a young [REDACTED] female. [REDACTED] stated that this young female responded to the boy by saying, "no I will not let you see it."

[REDACTED] stated that [REDACTED] went up to the crossing guard on Central St and asked [REDACTED] if [REDACTED] knew who the young [REDACTED] female was. [REDACTED] stated that the crossing guard did not know who the student was.

At 1445 hours Officer Carmichael and I went to the area where [REDACTED] stated [REDACTED] observed the conversation. [REDACTED] stated that [REDACTED] thought the [REDACTED] female was a student of the West Elementary and knew that [REDACTED] could point her out to us. [REDACTED] pointed out the young student and I approached her and her brother in the area of Ralph Mann Dr. I identified the youths as [REDACTED] I asked both youths if their mother was home so I could speak with her. Both youths stated that she was not. I escorted both [REDACTED] in my cruiser to their home on [REDACTED]. Inside of the home I met with a baby sitter who identified himself as the boyfriend of the youth's aunt. This adult was identified as [REDACTED]. I explained to [REDACTED] what I was investigating. [REDACTED] stated that there was a air soft handgun upstairs in [REDACTED] older brother bedroom. [REDACTED] brought to me a small black "UKARMS M997" air soft gun which had a bright orange tip on it.

I asked [REDACTED] who was in the presence of [REDACTED] what happened yesterday involving the air soft gun. [REDACTED] stated that on January 8th a student by the name of [REDACTED] threw a ice ball at her and that it hurt. [REDACTED] further stated that she was upset with what [REDACTED] did so she decided to "get back at him" by brining the air soft gun to school the next day. [REDACTED] stated that she saw [REDACTED] near the school in the area of Commercial St. [REDACTED] stated that she took the air soft gun out of her bag and showed it to [REDACTED]. [REDACTED] stated that [REDACTED] knew that it was a air soft gun and asked to use it. [REDACTED] stated that she didn't let him use it and put it back in her backpack and continued to school. [REDACTED] further stated that the air soft gun was in her possession in her bag all through school on January 9th. I explained to [REDACTED] the dangers of having a fake gun in her possession. I also advised her that if she had a problem with another student that she needed to address it with an adult and not on her own.

I contacted [REDACTED] mother over the phone and explained my findings. [REDACTED] mother was identified as [REDACTED] stated that she would speak with her daughter regarding this issue. I advised the mother that I will be taking the air soft toy gun and entering it for safe keeping until the older brother comes to the station to claim it.

I went to the West Elementary School and spoke with both the principle and vice-principle regarding this issue. Principle Feeney stated that she was aware of [REDACTED] and will be discussing this issue tomorrow.

It should be noted that at no time was any student or administrator of the West School in danger. The toy air soft gun was not used in a threatening manner and was never shown on school grounds. I spoke with [REDACTED]

who stated that he knew it was not a real gun and did not feel threatened by the situation. I will be following up with this case at a later date to see what sort of punishment if any was given by the West School administration.
